WHAT WILL THE WEATHER BE LIKE?

Costa Rica enjoys year-round summer weather. Expect warm and humid temperatures in the upper 70s to low 90s along the coast. Although we will be visiting during Costa Rica's dry season, always be prepared for pop up showers.

HOW SHOULD I DRESS?

Dress attire is casual for all activities (including group dinners). Loose-fitting, quick-drying clothes and fabrics are keys to staying comfortable in the humid, tropical environment.
